

ANNUAL CRITICAL INCIDENTS AND EMERGENCIES REPORT 2024

Last reviewed 18 September 2024

Annual Report to management, learners, other stakeholders, and the code administrator
Note per New Code Clause 10(3)(g): report at an aggregate level and, as far as practicable, disaggregated by diverse learner groups

Definition: a 'critical incident' involving a learner is an unplanned or unforeseen traumatic event affecting a learner or learners which has an impact on the institution the learner attends, its staff, its learners, and/or the wider community.

Providers have a responsibility to be prepared for and to respond quickly, effectively and sensitively to any critical incident involving a learner.
